

Alice Smith

Data Scientist

Summary:

Experienced Data Scientist with 3 years in Python and machine learning. Built NLP models using spaCy and trained classification models using scikit-learn.

Skills:

- Python, Pandas, NumPy
- spaCy, scikit-learn
- Text classification, Named Entity Recognition
- Data visualization with Matplotlib and Seaborn

Experience:

- Developed NLP pipelines for customer feedback analysis
- Built predictive models for user behavior

Education:

- M.S. in Data Science
